

What are Clearing and Adjustment?

So, what exactly are Clearing and Adjustment? Let us explain how each process can help you get the place you want at Cliff College.

Clearing

Clearing allows universities to match up the places still available with students holding the appropriate grades for these courses.

Who is clearing for?

Lots of students apply through clearing for lots of different reasons. This might be because you have changed your mind about the course you want to study, didn't receive the results or offers you expected or have only just decided you want to go to university.

You can apply through clearing if:

- you've got your exam results but you haven't met the conditions of your firm or insurance offer. Your UCAS Track status will state 'You are now in clearing'
- you don't hold any offers at any universities
- you are applying through UCAS for the first time after 30 June and you already have your exam results.

Want to come to Cliff College?

If you don't currently hold an offer from a university you can still apply to Cliff College through Clearing, or by contacting us directly. Courses with places still available are displayed on this page.

When does Clearing start?

Clearing opened on Monday, 5 July 2021 and our vacancies are advertised now.

If you already have your exam results

You can get in touch about a vacancy straight away.

If you're waiting for your exam results

You need to wait until you have received your exam results before you can apply through Clearing. Once you have your results, you're ready to go.

Our busiest Clearing period is from Tuesday, 10 August and UCAS Track will open for applicants at 2pm on this day.

How can I apply to Cliff College through clearing?

If you've found a course for which you'd like to apply:

- check that you meet the entry requirements (via the links on our Clearing homepage)
- contact the College (01246 584200 / enquiries@cliffcollege.ac.uk)
- have your UCAS personal ID, your results and the UCAS course code for the course you are interested in to hand.

Once you've spoken to us and we're able to make you an offer, you refer yourself through UCAS Track. There are certain times before 10 August when UCAS Track is frozen so take a look at the dates below:

From	To	UCAS Track
4 July	4 July	Last day to add an Extra choice
5 July	5 August	Clearing opens
4 August 12:00	10 August, 8:30 am	Frozen – will not be updated
10 August 8:30am	When there are no longer any vacancies	Open for Clearing applications

Clearing Plus

Clearing Plus is intended to help applicants who don't have a place find a course that might be suited to them.

You will have the option in UCAS Track to view your list of matches and you can then express your interest in any of the courses just by clicking a button. Your details are sent to us and we will get in touch if we believe we can offer you a place on the course.

Adjustment

What is Adjustment?

If your results are better than you expected and exceeded the grades that you needed for your conditional firm choice then you are eligible to register for adjustment. For example, if you held a conditional firm offer of DDD but achieved CCD then you would be eligible for adjustment.

Adjustment allows you to search for alternative courses while holding your original unconditional firm place.

When can I apply through Adjustment?

Adjustment is open to eligible applicants from 8.30am on Tuesday, 10 August until Wednesday, 18 August 2021.

How can I apply to Cliff College through Adjustment?

If you think you're eligible for adjustment and there's a course at Cliff College that has vacancies, please:

- check the list of vacancies and entry requirements from our Clearing homepage
- call the College on 01246 584202 to discuss possible vacancies with a member of our team
- have your UCAS personal ID, your results and the UCAS course code for the course you are interested in to hand so that we can deal with your enquiry as quickly as possible.

If we are able to offer you a place via Adjustment and you are in agreement, we will process the change and it will automatically update on UCAS Track.
